Management Discussion and Analysis Report

To avoid duplication between the Directors Report and the Management Discussion and Analysis Report for the year, we present below a composite summary of performance of the various business & functions of the Company.

Industry Overview

The trend in slowdown in global growth continued during the year. India was the fastest growing large economy with a stable currency that performed better than the most emerging market currencies. If the industry players manage to restructure their operations as per the new realities, success will not be very hard to find now. India growth story remained reasonably positive due to stable domestic consumption, lower commodity & energy prices & hence improving macroeconomic parameters.

However there are some negative factors like drought, rising Non-Performing Assets (NPA) of Banks & low credit growth. The Company is into textile industry.

Business Overview

The Company's business activities include income from trading in Textiles and goods. However, the Company has also commenced business which involves activities like carrying on the business as weavers or otherwise manufacturers, buyers, sellers, importers, exporters and dealers of silk, art silk, synthetic, woolen and cotton fabrics and other fibrous products including dressing and furnishing materials, uniforms, readymade garments, carpets and carpet backing, blankets padding knitted goods, woven bags, hosiery gloves, yarn and sewing thread and, To carry on the business of packing, grading, crimping, twisting, texturing, bleaching dyeing, printing, mercerizing or otherwise processing yarn, cloth, carpets, blankets and other textile goods, whether made from cotton, jute, wool, silk, art silk, synthetic and other fibers or blends thereof. The credit penetration in India is low compared to other economies. The Company is exploring various options to improve margins of the Company, by having tight control on expenses & exploring various business activities. The company is currently exploring textile business activities from which the earnings of the Company have been showing a considerable rise. The market has been stabled during 2021-22 & many Businesses have received better response. The operation of the company during majority of the year was in textile Business i.e. textile trading and related activities. Despite various adverse factors we firmly believe that Indian economic will grow and hence the growth of textile sector presents us with exciting opportunities like India's long-term growth story remains intact notwithstanding declining growth in the past year or two. This presents vast opportunities for us to grow our businesses in the medium to long term, though short-term pain remains a possibility. We further believe the policy liberalization and forward-looking regulatory changes will help markets grow in size.

At the same time, we perceive some threats for growth of financial services sector like macroeconomic environment including high inflation, high interest rates, liquidity issues, global commodities prices, fiscal and current account deficit and Euro zone crisis can play spoilsport with the India growth story. While positive Government policies and regulatory changes do enlarge the scope of opportunities for companies, lack of or delay in reforms or certain regulatory changes can significantly impact the performance or make an existing business model unviable.

Business Performance and Segment Reporting

The profit margin of the Company is on a lower side on account of initial stage of commencing and exploring new business activities as mentioned earlier in the report. Many new players have entered the market with huge funds and resources on a large scale with various products having nationwide customer base and they seem

to be giving enormously tough competition to the Company.

Adequacy of Internal Control

The Company has robust internal control systems in place which are commensurate with the size and nature of the business. The internal controls are aligned with statutory requirements and designed to safeguard the assets of the Company. The internal control systems are complemented by various Management Information System (MIS) reports covering all areas. Increased attention is given to auto generation of MIS reports as against manual reports to take care of possible human errors or alteration of data. The Management reviews and strengthens the controls periodically.

Human Resource Development

The Company recognizes the importance of Human Resource as a key asset instrumental in its growth. The Company believes in acquisition, retention and betterment of talented team players. With the philosophy of inclusive growth, the Company has redefined its performance management system. The new system focuses on progression of individual employees together with organizational goals. Under the new system increased thrust will be on job rotation and multi-skilling.

Manpower

The company recognizes the importance of human value and ensures that proper encouragement both moral and financial is extended to employees to motivate them.

Segment-wise Performance

The Company is into single reportable segment only.

Compliance

The Compliance function of the Company is responsible for independently ensuring that operating and business units comply with regulatory and internal guidelines. The Compliance Department of the Company is continued to play a pivotal role in ensuring implementation of compliance functions in accordance with the directives issued by regulators, the Company's Board of Directors and the Company's Compliance Policy. The Audit Committee of the Board reviews the performance of the Compliance Department and the status of compliance with regulatory/internal guidelines on a periodic basis.

New Instructions/Guidelines issued by the regulatory authorities were disseminated across the Company to ensure that the business and functional units operate within the boundaries set by regulators and that compliance risks are suitably monitored and mitigated in course of their activities and processes.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Report on Corporate Governance, Shareholder information and Report of the Board of Directors & Management Discussion and Analysis, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing

and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

(Referred to in paragraph 1 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of SUNAYANA INVESTMENT COMPANY LIMITED of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Sunayana Investment Company Limited** ("the Company") as of 31st March, 2022 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the

auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected.

Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based on the criteria for internal control over financial reporting established by the Company considering the essential components of internal
